I'm not wanting us to organize to get violent. I want us to join militias so we have efficient communication structures to rapidly organize tens of thousands of peaceful (actually using the term unironically here) protests.

We can never get big protests off the ground (besides something like this D.C protest where it's hyped for a month and then explicitly endorsed by trump) due to a lack of communication structures

Good, the whole protest is about putting the fear in god to the opposition when they see millions rise in the streets at their presidents order. It has nothing to do with shooting commies just yet. We're still in the constitutional phase. If they burn all bridges then the shooting starts. The people shouting for civil war are lefties trying to turn you into revolutionaries so it dampens your constitutional arguments. It doesn't take a brain surgeon to see this.

When the constitutional pathways have been burnt then you can say you're in civil war. At the moment you're in a game of tug of rope. MAGA has the constitution on its side. Being silly fucks and becoming revolutionaries in the same vain as antifa and BLM will dampen your constitutional argument as stated by steve bannon many times including yesterday on his show.

"will be wild" is what he said, And this tends to mean good. However i think he is going to announce how he is the winner. The military and feds are going to be there if antifa think they're brave. If this was a call to war, it would apply to men only and it would specifically state that. Trump would not be a cryptic faggot about war becuae in war you want to win and being a cryptic faggot about war means you are unprepared.

Biden will never be the legally ANYTHING president - incoming, outgoing, disputed, '-elect'... any claim Biden makes to the Presidency is based on illegal actions, and is null and void and Trump can haul Biden's ass wherever and whenever Trump wants to haul it, and unless Trump concedes, which will never happen, Trump is President until 2025, and Biden is on his way to the hoosegow.

Prediction: There will be a pretty big march on Jan 6 and we'll beat some antifa asses there too and it'll be cool but meanwhile congress will verify Sleepy and Camelas victory as the scared and corrupt courts continue to throw out our challenges. GEOTUS will continue to whine on twitter and keep shouting at various 3 letter agencies to DO SOMETHING while they jack off and investigate garage door pulls.

Meanwhile Qtards and trust the plan tards will say JAN 6?! WHAT JAN 6?!?! WHEN DID WE EVER GIVE A FUCK ABOUT JAN 6?!?! WE DIDN'T SAY IT WAS GOING TO GO DOWN ON JAN 6, WE MEANT JAN 20TH GUYS COME ON HOW EPIC IT'LL BE IF SLEEPY IS ARRESTED AT THE VERY LAST MINUTE JUST BEFORE HE PUTS HIS HAND ON THE BIBLE AND ROBERTS AND PELOSI AND ALL OF THEM TOO GUYS IT'LL BE INSANEEEE WE'RE JUST WATCHING A MOVIE SIT BACK WITH THE POPCORN AND CHILL GUYS!!!

And as Jan 20th comes and goes and Sleepy gets in and GEOTUS leaves after much whining, people will say OF COURSE HE NEEDS TO DO IT FROM THE SHADOWS GUYS BIG SPEC OPS SHIT GOING DOWN AT MAR A LAGO JUST WAIT AND WATCH!!!! ANY DAY NOW!!!!

Go ahead, call me a doomer and get it out of your system. But this is my first even remotely doomer type post after months and months on here. You can check my history -- I'm a certified shitposter in chief and have been as optimistic as I could possibly be. But the clock is ticking. And it seems the faggot deep state advisors around GEOTUS like (((Jared))) and others are trying to talk him out of military intervention or refusing to leaving the white house.

These 4 years have been defined by him being too nice, or even too naive you might say. This is the final window where he can choose to harden the fuck up, drop the pussies, and listen to the real ones and loyalists like Flynn and Lin Wood. That's the only way he can prove my above predictions wrong. I'll lay out how, since I'd still like to at least end on a hopeful note -- In a way the radical left is our only hope now. How, you ask? Because it is possible they might do or say something so outrageous in this remaining window that he finally snaps and stops playing Mr Nice Guy. Maybe threaten Barron or something. So please, you treasonous leftist fucks, do your worst and ape the fuck out so that GEOTUS may finally see the light and become the beast we've all been waiting to see.

Look up the following individuals as well:

- Oliver Cromwell
- George Washington
- Abraham Lincoln

These are all GREAT leaders who set aside the laws and constitutions of their governments in a critical time when evil men were hiding behind those very same things.

If government EVER begins infringing on the rights of the people -- It SHALL be altered or abolished! We may tolerate a few infractions, BUT WE WILL NOT TOLERATE IT FOR LONG!!!!

More importantly, stay in groups.

Someone with more tactical skills could probably say better but probably no fewer than six at a time. If your group is smaller, find another group to team up with. At the end of the day, don't split up to head back to your transport, drive each other around.
